DIRECTOR'S MESSAGE

Dear Partners, Friends, and Associates,

Greetings from the Archana Team!

It is with a blend of mixed emotions that I come before you to present this Report for year 2020. A sentiment of joy, overwhelming gratitude, and sincere commitment to stay focused on the basic mission purpose, are the vital inputs that have fuelled our passion for loftier results even under highly strenuous and trying situation as that unfolded before us in pandemic year of 2020.

MISS. THRESIAMMA MATHEW
Director

2020: EPOCH MAKING YEAR:

As usual, the dawn of 2020 was welcomed with much gusto and joy, with hardly any portends of an impending catastrophe in the offing. However, by the third month of the year, signals of uneasiness had begun to appear, leading to an abrupt and sudden national lockdown being clamped to arrest the slow, yet progressive invasion of Covid 19. The Virus King of the year. The chain of events, that followed will require a very impassionate and independent assessment to quantify and chronicle the devastating scale of disruption caused to humanity, economy, and the national cause, by a miniscule virus, that keeps defying modern science and human ingenuity. Covid pandemic and the national response has provoked all over, with a stiff social behaviour protocol in place. We at Archana had to also sit back and revisit our program template, strategy, and action plan, in order to be fully compliant with the State directives as well as pro-actively responsive to the new social realities.

Notwithstanding the highly restrictive environment prevailing, we have had to invent and introduce new and untried systems to reach out to our constituents, as well as the community at large. This challenge gradually unfolded before us really path breaking new opportunities.

This report therefore is a candid recount of how we could turn a potential adversity into a promising opportunity by a judicious application of technology tools, and social interventions.

Community Action Groups (CAG):

Our Unique Platform For Gender Rights & Empowerment

Our expanding network of CAGs have once again proved its mettle and worth in spearheading our mission of gender rights and empowerment, even under stressed conditions as the pandemic infected 2020. These groups of women, now linking together 217 groups with 2200 members and spread out to Ayarkunnam, Vechoor, Uzhavoor, Piravom, Thalayolaparambu, Manjoor, Kuravilangadu, Marangattupilly, Kumaranalloor, Kadaplamattom, Ettumanoor, Kaduthuruthy, Erattupetta, Kallara, Kanakkari and Athirampuzha Panchayats, in Kottayam districts, have been engaged in group enterprising activities, production and sale of consumer goods, as an income generation and economic empowerment program. These informal collectives of women form the pivot to generate a dependable base of livelihood, and a platform for acquiring new skills, and insight into the expanding matrix of gender Empowerment. In order to be feasible and sustainable, the CAG members are given adequate training and orientation with the help of experts in management of micro units. AWC provides them a total mentoring package, consisting of training, tech support, financial support, and marketing. Our team of Animators work with the groups closely, undertake participatory evaluation, identify bottlenecks, and help the groups to carry out necessary re-alignment when warranted.

Group formation

During the reporting period, we could organise 100 more CAGs to the network. However, 60 of these had to be put on probationary watch, as deficits in their bona fide were noticed, during evaluation phase. The Covid mandated protocol that was enforced for a major part of the year, did cause an interruption in the growth plan of CAG network, because of severe constraints faced in production as well as in marketing. It was partially offset by switching over to production

of Covid care kits like PPE kit, face masks, sanitizer, immunity booster items etc. During the year, our tailoring units produced and distributed 650,000 Quality masks, 75000 PPE kits, 1500 face shield and other customized items as per orders. The CAGs could undertake production of cloth bags for packing of food materials, an order obtained from the civil supplies dept of the Government. For 350 CAG members, this proved to be an opportunity to earn an attractive income even under challenging conditions as the lockdown period.

Leaders Training

Trained 600 leaders from 100 CAGs. They are equipped to manage their groups more confidently and efficiently. They are aware about the need for establishing their rights at home, in their groups, in Gram Sabhas (Consultation group of the public in Panchayats) etc. They have learned to keep records, accounts, and reports properly. Leaders training also help to develop more attachment to our centre. They feel being part of Archana Centre and have a role to play.

Leader's Monthly Evaluation Meeting

From each CAG, President, Secretary and Treasurer meet every month for evaluation, under regional base. These evaluation meetings give a clear idea about the current status of the CAG groups and their activities for the month. Monthly evaluation meetings were held at 3 regions till August. Later, for better functioning the regions were limited to 2. These meetings also help for planning the following month's activities. Out of 36 meetings in each region, 16 meetings were conducted online due to the Covid-19 situation, under the leadership of Community Organizers.

The evaluation and monitoring that take place during the annual meeting help to quantify the achievements as well as the setbacks; each staff is made aware of the success /failure in attaining women's rights through CAGs. Based on the findings, changes are made in our approaches, activities as well as interventions.

Leaders Training

Monthly Evaluation Meeting

Book Keeping and Accounting Training

Through leaders training and CAG group meetings we provide training on book keeping and accounting. Special training was given to all those who wished to start an enterprise.92% of the enterprises under the CAG groups systematically maintain the book of accounts and keep proper records.

ARCHANA FEST-2020

The annual fest that we have been conducting in connection with the Women's Day Celebration, was conducted with wide community participation, and enthusiasm in this year too.The event was a 3 days program, coinciding with a massive women's March proclaiming the grit and determination of the discriminated gender community to regain its rightful space in the socio-economic spectrum. The event was also an occasion to showcase the achievements of the women groups, and put our mission and ministry into public domain. Women & Micro Enterprises, Women & Agriculture, Women as Path breakers in high end skills such as masonry, carpentry, plumbing, etc. were attractively and empirically displayed during the fest. A public meeting, and cultural event to highlight the state of women in Kerala were enacted. The functions were graced by leaders from Government, the Church, civil administration.

Function was inaugurated by Cardinal Mar. George Alencherry, the Major Archbishop of Syro-Malabar church.

The first day was organized as Agricultural day, second as Enterprises Day and third as Women's Day. On March 2nd, 3rd and 4th we organised Vilambarajadha (Announcement rally) through 30 Panchayats which was inaugurated by Dr. Sona P R, Municipal Chairperson, Kottayam.

The first days program was officially inaugurated by Sri. Saji Thadathil (Ettumanoor Block Panchayat- President).

The first day's official function was inaugurated by Bishop Mar. George Rajendran(Bishop of Thakkalai Diocese). During the function the official logo of "Athijeevanam"[Survival of cancer} musical album was unveiled by Bishop Mar. George Rajendran. The selected farmers from Karshikarchana project were honoured during the function in the presence of Mrs. Nisha Jose K Mani (Ambassador of Hair and Hope), Mrs. Divya K B (District Development Manager NABARD),and Mrs. AparanaLavakumar, Senior Civil Police Officer. The day ended with the cultural programmes by our CAG members.

The second day was organized as Enterprises Day. The day started with an Entrepreneurship Development seminar led by Mr. G Rajeev, General Manager Industrial Department Kottayam. Various competitions for CAG members were then organised. The Competitions was inaugurated by Mr. ThiruvanchoorRadhakrishnan MLA. The official function was inaugurated by Cardinal Mar. George Alencherry, the Major Archbishop of Syro-Malabar church. The first Flood relief house was handed over by Adv. Thomas Chazhikadan MP. In the Evening a Mega show was conducted. It was inaugurated by Cine artist Ms. Krishna Prabha.

first day's official function was inaugurated by Bishop Mar. George Rajendran(Bishop of Thakkalai Diocese).

The Third day was celebrated as Women's Day. Mr. José K Mani MP (Member of Parliament) inaugurated the day celebration, and Senior Civil police officer Mrs. Aparana Lavakumar delivered the Women's day message. The Valedictory function of Archana Fest was Inaugurated by Adv. Mons Joseph MLA (Kaduthuruthy Constituency) Dr. Sabu Thomas (Vice Chancellor, Mahathma Gandhi University) delivered the keynote address. Rev. Dr. Philip Vadakkekalam, Vicar General, Changanacherry Arch Diocese blessed the gathering through his message. During the function Ms. Thresiamma Mathew (Director, Archana Women's Centre) honoured Padmashri Pankajakshiyamma, [Padmasree award winner] Mrs. Annie Babu (Director, Swanthanam Charitable Trust) and 30 Panchayat Members who are close collaborators of Archana. An estimated number of thousand persons visited the different stalls, bought the products on display by the CAGs and appreciated the many remarkable strides women have made through new skills, and collective endeavour. The celebration could be conducted a few weeks prior to the declaration of the national lockdown to battle the Covid pandemic.

Cultural Events inaugurated by Cini-artist Krishna Prabha

Entrepreneurship Development Training

PPE kit making

During this pandemic the stitching units and small-scale production units run by our members proved to be the only source of income in their families as there were job cuts all around. We strengthened our production units and distribution channels to exploit the opportunities that were created by the pandemic and thus encourage healthier practices in the community. We are continuing the supply of PPE kits through more than 80 units of 5 members and we have a centre at AWC itself. One of our groups of entrepreneurs have developed into a big producer unit with all modern machineries for cutting and sewing and have become capable of providing work to more than 500 women. Many families are dependent on the income of these women. New tailoring machines are being distributed and training is being given to more ladies in view of the demand for masks and other protective gears.

Central Resource Team training

The purpose of the training was to strengthen the activities of CAG and to promote social marketing. The training was conducted for CAG, central staff and field officers. Resource person for the same was Mr. Suresh Mathew

LABOUR BANK

42 skilled women workers were registered under labour contractors' society (especially masons, carpenters, electricians, plumbers, grass cutters etc.). We use their service under LIFE (project of state government) and flood relief houseconstruction .

During the pandemic they worked at Aymanam, Thalayolaparambu Grama Panchayaths. After the registration procedure they could get engaged in contract works from Local Government bodies and from private sector. We hope that it will help them to get regular work after the pandemic.

SKILL TRAININGS

Mobile Mechanism & Household Electrical Training

Women who underwent the training became more familiar with the mobile technologies and its basic knowledge. They were overwhelmed at being able to learn such modern technologies. This helped them to set up their own mobile clinics and earn decent wages of Rs.500- 800/day. Another male dominated area was thus conquered by AWC gaining women's right and demystifying technologies. Completed two batches of 10members each. Five of them started working in mobile shops to gain expertise. Three of them are planning to start mobile clinics. Three are working with the trainer. The COVID situation is an impediment to their achieving the desired progress.

Ferro-Cement Tank Making Training

We trained two batches of 15 women to make Ferro-cement tank to recharge wells. Through the training provided, the participants were able to earn Rs.350 for one tank and could make 2-3 tanks daily. The women are earning a decent income and have regular employment. They could finish necessary maintenance work of their houses and enjoy their right to a decent shelter. During the pandemic they were able to repay their loans and meet the daily needs. Their husbands assist them in household duties so they have more time to produce the tanks. These women have been able to earn due respect of their families which is a much desired outcome of the power given to women in this section.

FERRO-CEMENT TANK MAKING TRAINING

Grass Cutting Training

Through the training provided, the participants once again demonstrated the women's due rights to get trained and employed in mechanised fields. They were used to cut grass with a lot of struggles, having no machinery. But when the machines came into use most of the women were out of the scene as men occupied it with technology. Now the women have vanquished this technology and are able to earn Rs. 350/hour. 15 women got trained, and one of them got a permanent job at the panchayath (Local Self Government). These are the moments that give them self-respect, pride and appreciation. They have become stronger mentally and physically. The local channels were excited to report it and shower applause to AWC and the trainees. The training was attended by 15 members. Three of them purchased the machine and began working in their respective villages. 10 of them joined together forming a CAG of grass cutters and bought three machines unitedly. Advertisement of their services were given through TV channels, you tube, Facebook and other social media to get further business. This skill is a clear demonstration to the society on how women are claiming their rights through AWC's intervention.

Plumbing Training

Conducted 20 days plumbing training for 19 women in collaboration with Centre for Rural Management and Sakhi. They are currently working with our master plumber for field experience which would help them learn to commit a work and prepare estimation, quantity of materials etc. They will get work in their respective Panchayats.

Well Recharging Programme

The plumbing and ferro cement workers benefitted from this project. Our team completed well recharging work of 923 houses during this year at Aymanam Panchayat. Due to pandemic works were dismissed.

Women & Child Rights Related Activities

Promotion of Women's Rights for Health

In a challenging environment as the pandemic impacted 2020, safeguarding women's rights for a healthy physical and mental condition, assumes significance, because of the disproportionate burden they carry to take care of the family, its diverse needs and problems like the child care in an atmosphere charged up with stress and frustration. We developed a series of health training classes for our groups and conducted online. Special emphasis was laid on the universally acknowledged preventive regimen to keep the dreaded virus at bay, fundamentals of maintaining a healthy body through balanced diet, and control and prevention of many lifestyle diseases. We could organise and conduct 36 Online sessions for the groups, and these were attended by more than 2000 Women members.

The Campaign was inaugurated by Ettumanoor MLA. Adv. Suresh Kurup, (Political member)

Women Safety Campaign

One of the major goals of AWC is women safety and protection of women rights. During the pandemic an effective intervention in this field was difficult. But we were successful in our online campaign - "Violence free home". The campaign was against domestic violence. With the tag line "Silence Allows Violence" we launched the campaign from November 25th, 2020 - International Day for the Elimination of Violence against Women to December 10th, 2020 - Human Rights Day. The Campaign was inaugurated by Ettumanoor MLA. Adv. Suresh Kurup, (Political member) by recording his first vote for the campaign. Almost 2000 individuals cast their vote and feedbacks to show their solidarity towards the campaign. It was a new experience for us.

National Webinar Series on Protection of Women's Rights

The National Webinar Series named as JAGRATHA-2020 was organised, in collaboration with St. Thomas college of Teacher's Education, Pala from 25th November to 13th December. The subject was "Protest against Women's Rights Violation in line with the elimination of violence against women and other social issues". Gender experts and activists led sessions. 1200 women and their family members actively participated in the webinar series. Approximately 3600 people learned the laws for women and children, gender, and reactions to violence. Prizes were given to the best reporter of each day's session. There are plans to publish it as a book.

Miss. Theerthamma Mathew (Director, Archana Women's Centre) Dr. Sr. Binitha Mathew (Principal, St. Thomas College of Teacher Education, Pala)

'Bonfire': Protest Against the Right Violation of Women

During the pandemic AWC formed a whatsapp group to create online platform to fight against the right violation of women.

Through the platform we conducted protests and propagated women's rights, inspirational videos, speech etc. The group was formed to unite to fight violence against women. One of the major achievements of the programme was 'protest flame'. A joint meeting of women's organizations, other social movements and prominent personalities through this platform have decided to organize a 'protest flame' across Kerala against sexual violence against women and minorities. All CAG members participated in the protest flame.

Short Drama

Due to the pandemic, short drama was performed in online platform which was viewed by 2810 people in different districts. Through the drama we were able to propagate women rights and awareness about women friendly laws through platforms like Facebook, You tube, Whatsapp etc. The short drama addressed issues related to drug abuse and alcoholism, work place harassments, legal awareness etc., and we were able to convey our message very effectively to the people. Institutions like Archana prove that skill can emancipate women. Woman once found her strength cannot be defeated.

Cases Handled

- Gender Awareness Classes: AWC conducted 15 gender awareness classes in and around Kottayam district, and 12 sessions through online platform.
- Domestic Violence : Around 33 Domestic Violence counselling done at different places and some are referred to
- Cases related to Protection of Children from Sexual Offenses Act (POCSO) 2012: Attended 40 POCSO cases and helped the children and their parents to file the case in the police station. The staff assisted the children while they were taken to give statement to the police (161 statement), during medical support and checkup and also accompanied them when they were presented before the magistrate (164 statement).
- Juvenile Justice (Care and Protection) Act 2015: Helped the children to get shelter facility in Government Children's Home. Also helped them get sponsorship from well-wishers and cope up with their life challenges through counselling.
- Substance Abuses: The number of children who use different substances such as panmasala, cigarette, beedi, alcohol, Drug etc. are increasing at an alarming rate. Around 24 substance abuse counselling was conducted by AWC in different places at Kottayam. Some of them got rid of the habit due to effective intervention and five of them were taken for the de-addiction treatment.
- Other Counselling: Archana also conducted counseling for conduct disorder, personality disorder etc. Those who needed more assistance were referred to clinical psychologist and psychiatrist.
- Awareness classes and other supporting activities are considered as a major tool for safety of women and women's rights by AWC. During the year 2020, around 27 awareness classes were organized by the staff in different regions. Around 90 Counseling Sessions were conducted for individuals, families and groups. Domestic Violence was one of the main issues handled. More than 335 DV counseling sessions were taken and some cases were referred to Police Station, Legal Service Authority and to the family court. We also assist them in these procedures.

- Special cases handled by the staff /CAGs: Two of ours staffs engaged in construction assisted a poor family, for whom they were constructing a house. The family was attacked by their rich neighbor who lived opposite to them with an intention to make them leave their property. Our program officer took necessary steps immediately with the police and filed a case. The matter was human rights violation and violation of women's safety. The neighbor had influenced the police with the help of local politicians. So, a complaint was given to the collector and Police superintendent. Thus, the culprits were arrested and the woman was given protection to continue her house construction.
- One of our field staffs was constantly being abused and beaten up by her husband who suspected her for no reason. The CAG members and staff dealt with the situation, by making the husband the laws on violence against women and also threatened him.

Visit of Childer's Home

Domestic Violence Classes

Construction Work

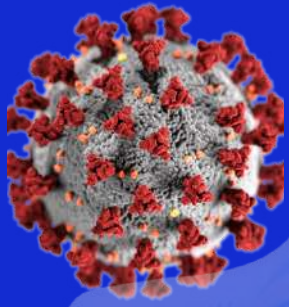

Flood Relief –Jeevapoorna House

10 houses were completed and handed over to flood victims. The funds were raised through Partage Lu and other supporters.

The masons, carpenters, plumbers and electricians who were trained through Archana Women's Centre have been able to find work in these constructions. Besides they take contract works through our engineering wing.

0,0

Covid Response Programmes with the help of Partage.Lu

Around 5000 masks, sanitizers and shields were distributed to Police personnel, media people and health workers. 65000 PPE kits were distributed in different hospitals. Also, AWC supplied masks and sanitizers to all our members and their families. We distributed preventive homeopathy and ayurvedic medicine for our CAG members and their family in collaboration with Health Department of State Government. We distributed food kits for 1000 families, preventive drink for 500 families needing special nutritional care such as cancer patients, children below 5, elderly from women headed families. Besides 500 covid protection shields, 2000 masks, 500 sanitizers were distributed with support from Partage. Lu for health workers, masks for polices, and for poor people in containment zone and to care homes. More than 3000 families were provided with masks and sanitizers.

Our CAG members had some land and were willing to do small scale farming during the pandemic; they needed quality seeds and organic manure. With the collaboration of KVK (Krishi Vijnan Kendram), a wing of Agriculture Department developing high breed seeds, we distributed quality seeds of 10 different vegetables/ fruits to 100 CAG members as part of promoting food safety.

CAG Social Marketing

Panchayat Level Office Inauguration

To strengthen the activities of CAG and social marketing, 10 Panchayat level unit offices were undertaken. To manage the activities of each unit office 3 CAG leaders were chosen.

Archana Rural Mart

All the products from our unit are sold through Rural Mart. Products sold are turmeric powder, chilly powder, coriander powder, rice powder, etc. The Rural mart is running successfully at Kurupanthara town, attracting an average 50-60 customers per day. This also serves as a centre for CAG members to do their social marketing purchases.

"KARSHIKARCHANA"... The Archana way to Food Security.

As the Covid impacted restrictions became stringent and social mobility got disrupted, it became imperative to look out for innovative means to protect the health and wellbeing of the families networking with us. Agriculture, if undertaken by adopting proven techniques of disease control, and production enhancement, even under limited situations like tiny land holdings, promised to be a dependable source of food security to a small family. The distribution of vegetable seedlings was carried out in collaboration with the World Malayalee Federation. During the reporting year, we provided online training to 100 women in practical aspects of grow bag farming. After the training the women were provided quality planting materials, 25 grow bags, and organic fertilizers. Our trainers and experts followed it with monthly visits to the Units to give on the spot farm tips and guidance in realising high output. Majority of the participants reported exciting yields, a great step towards ensuring family food security. The women farmers grew beans, different gourds, tubers, yam, eggplant, okra, etc. Which helped support the family achieves the goal of food security significantly.

Karunyarchana - Cancer Care and Rehabilitation Programme

As the numbers of cancer patients are increasing day by day, AWC has come up with a supporting hand- "Karunyarchana" - a project focused on the rehabilitation of cancer patients and also providing nutritious food especially during chemotherapy to poor patients. During this year we supported 356 cancer patients through the supply of nutritious food kits and essential medicines.

Archana Women's Centre released a musical album for promoting Karunyarchana Project named "Athijeevanam". Senior Civil Police Officer handled the main female role and other roles were handled by cine-serial artists.

The musical album was designed to make a difference in people's perceptions of cancer and avoid unwanted fear. The album was released at Archana Fest and circulated through social media.

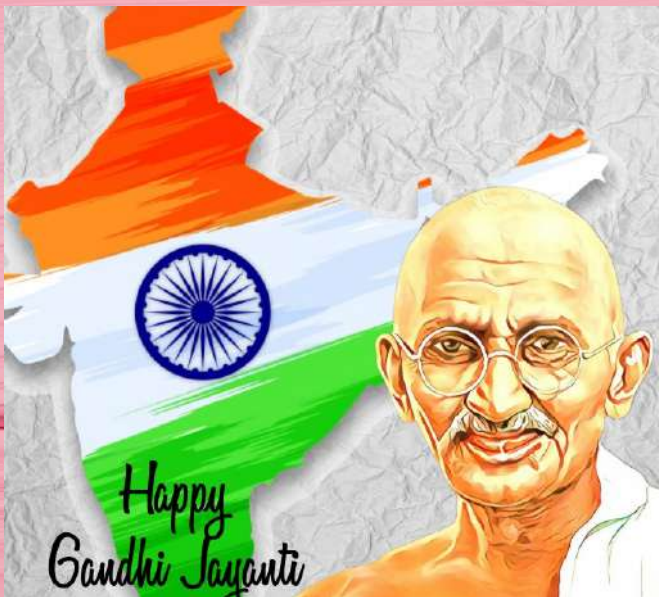

DAY CELEBRATIONS

Cancer awareness classes were conducted for 90 members by Dr.Sabarinath – Oncologist, MCH. Sathi Mangaladharan, Vechoor Panchayat President inaugurated the session. Attendees were happy to participate and to know more about the deadly disease. They decided to make necessary changes in their lifestyle.

World Environmental Day is a campaign celebrated every year by the people worldwide on 5th of June. This campaign was established to raise global awareness among people about the environmental issues as well as to take necessary actions for a healthy environment.

The program was inaugurated by Pathma Chandran, Block Panchayat President, Kaduthuruthy. 500 saplings were distributed to the CAG members.

Gandhi Jayanti was observed by cleaning homes and premises of the 30 selected patients from different panchayats. Most of the patients lived in pathetic condition. Their home and surroundings were in very bad condition. So, our service was supportive for them.

Survey

There was a project evaluation survey done of 2020 projects. 213 CAGs were selected for the survey. Jyothi Susan, Leena Nair and Teenu Francis from the centre coordinated the same.

In the study, the surveyors have made an attempt to study the effectiveness of Project with special reference to Ettumanoor, Kuravilangadu and Kaduthuruthy regions. On the basis of the findings, analysis and interpretation of data collected through questionnaire conducted among the CAG members, the surveyors have arrived at the conclusion that, project is effectively running in Ettumanoor, Kuravilangadu and Kaduthuruthy regions even though the all the stated programmes are not fully running. Through the questionnaire the surveyors have found out that most of the beneficiaries are highly satisfied with project.

Training Programs Supported By NABARD

PAPER BAG/CLOTH BAG MAKING TRAINING

From January 1st 2020, Government of Kerala banned the use of plastic bags. This was perfect time to step into environment friendly bag making business in various states of India. Government is taking necessary steps in educating people about hazards of plastics and related materials, and in many states of India we see that use of environment friendly carry bags have overtaken plastic bags. Kerala alone had demand for over millions of environment friendly carry bags in a month. In collaboration with NABARD we had conducted training for 3 batches, totally 96 members benefitted from it. They started production units and are earning a decent income.

TRAINING EXHIBITION & EVALUATION

Drip Irrigation

As part of Organic Farming promotion, there was 7 days training given to 30 members in collaboration with NABARD. These members were trained to be Resource Persons. Drip Irrigation units were implemented in their respective houses. The resource persons who trained the members were PA Abraham (Agricultural officer Manjoor) and Jayasree P K. The training has helped the members to produce vegetables which sufficed for their household purposes. They are interested in bulk production. Few CAG members are interested in the project too.

Sanitation Literacy Campaigns

Sanitation is one of the most important aspects of community well-being because it protects human health, extends life span, and is documented to provide benefits to the economy. As part of Sanitation Literacy Awareness programme of NABARD (National Bank for Agriculture and Rural Development), Archana Women's centre conducted Sanitation Literacy Awareness programme in 5 different place sin Kottayam District, 250 members are participated in these awareness programmes.

Mrs. Divya K B (NABARD District Development Manager) gave an awareness on the importance of sanitation and the need to lead a healthy life.

Haritha Sahaya Sthapanam (HSS)

HSS is a comprehensive waste management program. AWC is the empanelled for HSS, and has been functioning in 5 panchayaths (Kaduthuruthy, Kallara, Velloor, Mulakulam and Njeezhoor) at Kaduthuruthy block. There are 158 members in the Sena. We deal with the entire coordination of the Haritha Karma Sena including door-to-door plastic collection, segregation, monthly meeting and evaluation, and preparation of reports and related letters for Clean Kerala or the panchayath.

Awareness on HSS activities is spread through awareness classes, seminars, leaflet distribution.

HSS DPR Submission

Other Activities

Intensive Training for Enterprises Development

Women need integrated and focused training to attain critical level of competency, and managerial skills in order to be able to operate and manage successfully an enterprise of economic value. We could select a team of 30 women leaders with promising traits of entrepreneurship qualities,, and give them a 3-month duration enterprises development training, with special focus on designing and production of customized garments for the export markets. These trained hands are now engaged in setting up their production enterprises with the mentoring back up of Archana. Each Unit, on attaining full production capacity, is expected to extend employment to another ten women each, thus benefiting a total number of 300 persons. This is expected to evolve into a role model of socially responsible and economically viable self- help enterprises driven by the values of social inclusion and gender empowerment.

Blood Donation Camp

Due to the shortage of blood donors during the pandemic, we conducted a blood donation camp and the majority donors were women. The camp was inaugurated by Shikha Surendran (Ast. Collector, Kottayam). 50 people donated blood. AWC Associated with Kerala State AIDS Control Society, District Health Dept, National Health Mission. Blood Donation Forum conducted camp.

Garment Production Unit - Tailoring Machine Distribution

The pandemic had left many jobless. Chicago Cheers Club came as a solace and provided modern sewing, cutting machine, locking and other amenities to Archana Garments production unit. The unit was inaugurated by Kottayam MP Jose K Mani. 15 women got benefitted from this unit. During the pandemic they got regular work to produce PPE kits, gowns, mask etc.

The unit was inaugurated by Kottayam MP Jose K Mani.

Urjakiran Awareness Programme

Urjakiran is a program in connection with Kerala government's Energy Management Centre (EMC). Due to the pandemic, we couldn't conduct enough activities related to the same. An awareness program was conducted for 300 participants on 30 Jan 2020 at Medical College, Kottayam. The program was inaugurated by Sri.Biju M Abraham, Lay Secretary MCH.

As part of social marketing, the marketing outlets along with Archana Food Processing Unit distributed Onam kits . Each kit contained around 25 items. The kits were packed from central level and distributed among CAGs. Around 1500 kits were distributed.

Mission Message Through Media

A difficult part of our action for social change is that of generating an unbiased understanding of our unique mission of gender empowerment, gender rights and its importance. This awareness has to be got ingrained in the social psyche of the community, civil authorities, and the decision makers at every level of the social structure. This is an onerous and essential part of our campaign for sustainable gender empowerment, without which the newly skilled women masons, women carpenters, or women technicians will find the search for jobs appropriate to their skills unproductive.

A Local television channel, highly impressed by the outstanding works Archana Women's Centre is doing transforming the lives of thousands of women and advocate strongly "women's rights", published a series of documentaries about models of women empowerment in the name "SthreeSakthi"- [women's power"] The documentary covered all the activities of AWC and outstanding women of AWC in 8 episodes. There were a lot of appreciations coming in from the viewers. Omana our leading carpenter, Radhika our master mason, Jayasree our technical manager and bamboo technologist and Leena our grass cutter was brought to the lime light through this channel. The comments from viewers flowed expressing wonder and disbelief - Can women do all this? And many confessed that unless we were seeing the video in action we would not have believed. Hats off to Archana Women's Centre for this great achievement and revolutionary, life changing training and employments to women! The director was also interviewed by the channel and 3 episodes were used to cover the ideologies, inspiration and aims that motivate Ms. Thresiamma to foster women in such challenging roles. This series gave great mileage to AWC in the near districts. Seeing these episodes another TV channel –Ken TV approached us for an interview and for a telecast on AWC. This is a channel that reaches out the whole state of Kerala and gulf countries. These were some unexpected achievements of this year.

The video was telecast for three consecutive days, and was viewed by a large community, as evidenced from the flurry of enquiries that we responded to, post telecast period. Our relentless crusade for a non-discriminatory and inclusive social system got a boost and mileage through this media coverage, which had covered all of Archana programs.

Tradeswomen Building Bridges: Building The Global Network Event

AWC with Trades Women Building Bridges presented a zoom conference "Building our network" on 21 Nov 2020. Miss. Thresiamma Mathew (Director-AWC) and Omana Soman (Carpenter) attended the conference. The topic was on Screening Transnational Tradeswomen, "From Beijing to Madrid". It was a panel discussion on 25 years of building the global trades women's network. AWC along with BWI, Build Together and Tradeswomen Task Force were the co-organizers.

NTL -Round Table Consultation Meeting at Delhi

The round table consultation meeting was organised by Non-traditional livelihood network, co-organised by Magic Bus India Foundation and Quest Alliance. The meeting was a fruitful one for planning the future activities in non-traditional livelihood sector.

Tradeswomen Building Bridges
presents
Building Our Global Network

Join us on zoom on Nov 21!

- Screening *Transnational Tradeswomen* at 11:45 am ET, 8:45 PT.
- "From Beijing to Madrid:" Panel discussions on 25 years of building the global tradeswomen's network begin at 1:00 pm ET, 10 am PT.

Building the global network of women working in the union construction trades!
Planning for the First International Conference of Tradeswomen in Madrid 2021

Thank you to our sponsors:          

RECOGNITIONS FOR ACHIEVEMENTS

1. We have been shortlisted as the ISAs for empanelment of Jalanidhi project.
2. AWC is empanelled with Kerala Women Development Corporation

Letter from Trades Women

December 17, 2020
Archana Women's Centre
Kerala, India

Dear Thresiamma,

On behalf of the Tradeswomen Building Bridges, I extend a sincere thank you for the sponsorship you honored us with for our event "Building Our Global Network" held on November 21st, 2020. With your support we were able to gather over 140 participants and have received positive feedback. This event was only possible with the help of your organization. Tradeswomen were able to connect with other Tradeswomen and potential tradeswomen. Women were able to share their experiences on jobsites and travels, both positive and unfortunately negative. It also brought attention to the different organizations, such as yours, helping women around the world obtain the skills needed to be successful in the trades and the positive moral needed to move forward in this challenging sector.

As we continue toward a goal of equalizing the roles of women & men, we see a promising future for our young women through our current talented Tradeswomen that lead the way. No, construction in general is not easy but it is not impossible either and we have proven that we belong. We belong on jobsites alongside anyone wanting to make a living and with organizations like yours, we prove it others, too.

We look forward to working with you and your organization again, as well as, look toward a bright future for women around the world.

Our deepest gratitude,
Veronica Godinez
Tradeswomen Building Bridges

Programs Missed: -

As I mentioned in the introductory part, we have been compelled to rejig and revisit some of our pre-planned programs, specifically those training programs involving practical and guided supervision. The training for driving, sinkarimelam, skit and street shows to actively campaign for gender rights and prevention of gender violence's, and several skills training programs for employment generation are a few of such events we were forced to forego, in order to be fully compliant with the pandemic control protocol. We look forward to a day, when the vaccination to ward off virus invasion becomes universal, and people are allowed to interact socially without fear of getting infected. Until then, we are going ahead with present mode of limited gatherings and increased online exposures.

Conclusion:-

In hindsight, we feel really overwhelmed with a feeling of sincere gratitude, at the wonderful way God made us his chosen instruments to bring about substantial change in the lives, mind-set, and ambience of thousands of ordinary women and the community. These women, have become the embodiment of values and ideals that lay the foundation for a more humane and non-discriminatory social system. We take this opportunity to express our gratitude to all who have invested their trust in this great mission, by joining to partner with us in this reformatory campaign and action. Most outstanding is the cooperation being extended to us for the last fifteen years by Partners and friends of Partage, Luxembourg, and the leaders and friends in the Government and Civil Bodies. Thank You All
